### Message from the Board

Dear SAFSC members

Fall has arrived and we are certainly ready for the return of cooler temperatures, pumpkin flavors, football, and more figure skating.

We are very excited to see the return of Alamo Skate competition! Alamo Skate is the only U.S. Figure Skating sanctioned competition hosted by the San Antonio Figure Skating Club. Details are still in the works, but it is expected to take place **18-20 February 2022**. Mark the dates on your calendars because we will be needing volunteer help from all members to help us have a successful competition. Alamo Skate draws skaters from the surrounding nine states and Mexico. We certainly want to give them a good welcome here in San Antonio.

Stay safe and we will see you at the rink!

Best Wishes from the SAFSC Board

### U.S. Figure Skating COVID-19 Policy

U.S. Figure Skating COVID-19 policy is still in place. Masks are required for all individuals in any facility during USFS sanctioned events, competitions, and tests. The only exceptions are skaters on the ice, and for short moments while eating or drinking.

Medical exemptions are not being accepted. If anyone (parent or athlete) does have a legitimate medical exemption, they need to contact the event coordinator to inquire about special arrangements for viewing and/or participating in the event. At this time, no one is allowed in the event facility without a mask.

## SafeSport program is now SkateSafe

Effective Sept. 15, 2021, U.S. Figure Skating has rebranded its SafeSport Program to the U.S. Figure Skating SkateSafe Program. While the name may have changed, the mission to promote a safe and healthy environment for all members and volunteers of U.S. Figure Skating has not.

In an effort to prioritize clarity and consistency with the U.S. Center for SafeSport's branding, SafeSport is now a registered trademark of the U.S. Center for SafeSport. Moving forward, the term "SafeSport" may only be used to describe certain offerings under the U.S. Center for SafeSport, such as the SafeSport Code and the SafeSport™ Trained course.

Parents are encouraged to discuss the program and the rebrand with their minor athletes. The U.S. Center for SafeSport has resources and training materials for parents and minor athletes that cover abuse and misconduct in sport in an age-appropriate manner. You may locate those resources on its website at [www.uscenterforsafesport.org](http://www.uscenterforsafesport.org).

Please visit the San Antonio FSC website to read about the [SkateSafe](#) program and reporting options. If you have any questions, please contact [Anna Andrew](#), the SAFSC SkateSafe Compliance Officer. To view the rebranded SkateSafe materials, visit [www.usfigureskating.org/skatesafe](http://www.usfigureskating.org/skatesafe).

## U.S. Figure Skating Centennial

USFS Centennial Celebration is still going strong through the end of the year. There are several ways to participate in the Centennial Celebration

1. Special Centennial merchandise is available for purchase: [SHOP](#)
2. USAF Website has Centennial related content available for reading. [READ](#)
3. Two podcasts are available for listening. "[Voices From the Ice](#)" and "[Skating Vault](#)."

## International Figure Skating

The International Figure Skating Competition Season has begun!

If you wish to watch the competitions, the International Figure Skating Magazine has a competition calendar to help you plan your figure skating binge watching.
